

Special Offer to Property Owners in the Bethany Beach Volunteer Fire Company (BBVFC) Fire District

GET US INSIDE FASTER!

Residential Knox-Box

The Knox-Box is a secure rapid entry system developed for property owners and fire departments. When there is a medical emergency, when a fire breaks out, or even when there is a false alarm that the BBVFC must investigate, the Knox-Box allows immediate entry into buildings and property without forcible entry damage or delay. Lost time getting needed medical treatment and increased property damage, even total loss, are threats when property is not accessible. With Knox-Box, owners store entrance keys in a high-security container mounted in a known location. Each box within the BBVFC district is keyed to a single master key controlled by the Sussex County Emergency Operations Center (EOC) and the BBVFC.

Forcing sliding door w/hydraulic tool & pry bar

Prying lock cylinder from commercial door

Prying residential entry door

IF YOU TAKE ADVANTAGE OF THIS SPECIAL OFFER, THE BBVFC WILL:

- Deliver, install & register your Knox-Box
- Insert your keys and lock the box
- Pre-plan your property and load the plan into its computers. The pre-plan records vital physical information about your property and allows us to plan our response to your emergency while traveling to it.
