

**TOWN OF SOUTH BETHANY
Community Enhancement Committee**

Adopt-A-Canal/Road-End Program

South Bethany Celebrates Earth Day

In honor of Earth Day, the South Bethany Community Enhancement Committee (CEC) will landscape the town-owned canal end area near the Anchorage Forebay between Petherton Drive and Anchorage Drive. The planting will take place on Earth Day – Wednesday, April 22, 2015 at 9:00 am. As part of its **Adopt-A-Canal/Road-End Program**, the CEC selected this area for adoption because of its high visibility and need for improvement.

Along with Public Works staff Don Chrobot and Rick Gentile, CEC chair Sue Callaway and other CEC members will join the celebration of our part of the earth we enjoy so much – South Bethany!

All South Bethany property owners are welcome to participate!

Before Earth Day!
